The Public Service Commission of South Carolina Columbia, South Carolina

Gentlemen:

Submitted herewith is the River Pines Water Systems, Inc. application for an increase in existing rates and charges for water and sewer service in the utilities service areas of the River Pines and Wood Forest Subdivisions, South Carolina. As support for the company's application, the following is included:

- 1. A statement of reason justifying the need for the proposed rate adjustments;
- 2. Current Balance Sheet and Income and Expense Statement for the twelve months ended October 31, 1997;
- 3. Proposed rate schedule;
- 4. Test year proposed to be used;
- 5. Pro-forma income and expense statement using proposed rates applied to proposed test year;
- 6. Depreciation schedule by categories of plant;
- 7. Operating statistics for the test year;
- 8. Cost justification for proposed rates and charges, including tap fees; (Return on Investment)
- 9. Performance bond in accordance with R.103-512.3;
- 10. Current service area map;

The Public Service Commission of South Carolina Page 2

- 11. Statement or total plant investment;
- 12. Most recent letter of approval from the Department of Health and Environmental Control, dated not more than six (6) months prior to date of application; and
- 13. Customer bill form.

The owners do hereby request of the Commission for authorization of such rate increases as are detailed in this report.

Thank you for your consideration in this matter.

Sincerely yours,

Fames D. Hix President

River Pines Water Systems, Inc. Request for an Increase in Existing Rates and Charges July 15, 1998

STATEMENT JUSTIFYING THE NEED FOR THE PROPOSED RATE INCREASE

River Pines Water Systems, Inc. (The Company) provides water service to approximately 70 customers in the River Pines Subdivision and 131 customers in the Wood Forest Subdivision just outside Rock Hill, South Carolina. The Company also provides sewer service to approximately 104 customers in Wood Forest. The last rate increase was approved by The Public Service Commission on March 30, 1988. The rates approved and currently in force are as follows:

GALLONS OVER	BUT NOT OVER	WATER	SEWER
0	1,999	\$ 6.00	\$ 16.10
2,000	2,999	6.60	16.10
3,000	3,999	8.40	16.10

\$8.40 plus \$1.80 per 1,000 gallons used in excess of 3,999

A comparison of operating expenses for the year ended October 31, 1988 to those for the year ended October 31, 1997 follows:

				Percent
	1997	1988	Difference	Increase
Operating expenses-Water	\$ 30,582	\$ 20,067	\$ 10,515	52.4%
Operating expenses-Sewer	22,637	19,263	3,374	17.5%

In addition to the normal increase in operating expenses the Company has contracted to purchase wholesale water to serve it's Wood Forest Subdivision customers from The City of Rock Hill after October 1, 1998. This move became necessary to supply the needs of Wood Forest when one of its wells became inoperable. The Company will purchase water from The City for a flat rate of \$ 14.11 per month and \$.00201 per gallon used.

PROPOSED WATER RATES

Due to the difference in the cost of water for the two subdivisions (River Pines and Wood Forest) the company is proposing different rates for each as follows:

River Pines - Base Charge \$ 6.00 plus \$.00198 per gallon

Wood Forest - Base Charge \$ 6.00 plus \$.00243 per gallon

The above water rates will allow the company to recoup its cost of either pumping the water from wells (River Pines) or purchasing water from third parties (Wood Forest) and cover the increased cost of distribution and operating expenses and recover a modest return on its investment.

PROPOSED SEWER RATES

Due to the cost of operations the sewer system had an operating deficit for the test year of \$ 3,648.48. The Company is proposing an increase of \$5.40 to a flat rate of \$21.50 per month for sewer service. This rate will allow The Company to recover its cost of operation and recognize a modest return on its investment.

COMPARISON WITH SURROUNDING UTILITY RATES

The following table compares the proposed average monthly water and sewer bill to River Pines customers after introduction of the proposed rates to two other utilities in close proximity. The numbers in parenthesis represent average monthly usage.

	River <u>Pines</u>	City of Rock Hill	Blue Ribbon Water Co.
Water River Pines Subdivision (6,758)	\$ 19.38	\$ 27.70	\$ 26.57
Wood Forest Subdivision (8,660)	27.04	31.52	31.52
Sewer Wood Forest Subdivision (8,660)	21.50	40.52	25.00

To the Board of Directors of River Pines Water Systems

I have compiled the accompanying balance sheet of River Pines Water Systems as of October 31, 1997 and the related statements of income for the 12 Months and the 12 Months Ended in accordance with standards established by the American Institute of Certified Public Accountants.

A compilation is limited to presenting, in the form of financial statements, information that is the representation of management. I have not audited or reviewed the accompanying financial statements and, accordingly, do not express an opinion or any other form of assurance on them.

Any accompanying supplemental information is presented for the purposes of additional analysis and is not a required part of the basic financial statements. I have not audited or reviewed such supplemental information and, accordingly, do not express an opinion or any other form of assurance on them.

Management has elected to omit substantially all of the disclosures and the statement of cash flow required by generally accepted accounting principles. If the omitted disclosures were included in the financial statement, they might influence the user's conclusions about the company's financial position, results of operations, and its cash flows. Accordingly, these financial statements are not designed for those who are not informed about such matters.

Sincerely, W. Frence
